2ND EDITION OF THE ORIENTATION EXHIBITION

The guidance and careers agency is organizing a major online meeting dedicated to guidance from February 9 to 11, 2021

Published on 26 March 2024

The regional guidance and careers agency, in partnership with the Normandy Academy, is organizing with its partners, at the start of 2021, a major orientation time to inform Normans about careers, training and allow them to build their orientation path according to their choice.
This careers and guidance fair is an online space and a unique program offering:

- 14 career centers: Discovery of professions, sectors and training with the participation of partners, OPCO, professional branches and Normandy sectors
- A center for guidance and careers: Discovery of the services of the guidance and careers agency and its partners through thematic space and exchanges (information and advice for all audiences, construction of your career path, business ambassadors, etc.)
- E-workshops and web conferences led by the Agency and its partners: Workshops for young people and adults (advanced courses, professional retraining, etc.)
- Territories in action: Presentation of actions before and during this show within educational establishments to promote professions and training
