

# DOES A SHARED ACCOMMODATION WITH A SOLIDARITY PROJECT TEMPT YOU?

---

Afev offers shared accommodation in solidarity projects where low-cost rent and solidarity commitment combine – places are available immediately!

Afev, a player historically committed to creating bridges between campuses and working-class neighborhoods, is proposing the establishment of Kolocations à Projets Solidaires in the neighborhoods.

## Kolocations, Kesako?

---

Kolocations à Projets Solidaires allow young people to live in shared accommodation and engage with residents in working-class neighborhoods. By carrying out solidarity actions for and with their neighbors, Kapseurs promote living together.

The apartments are refurbished, fully furnished and located close to transport and shops with a monthly rent between €250 and €290 including charges (water, electricity, internet, heating, and home insurance)

# Live and get involved

It's about getting involved in the life of a neighborhood, creating connections and solidarity with the residents of the building and the neighborhood.

- an individual commitment - mentoring by supporting a child or young person from the neighborhood in their schooling for 2 hours per week
- collective commitment - with targeted and regular actions (college workshops/democratization of higher education)
- One-off actions aimed at residents and neighborhoods (collection of clothing for recycling, parent-child board game activities, etc.) between 1 hour and 5 hours per week.
