The FED'LH is the first student representation in Le Havre and brings together around fifteen student associations. Its goal ? Energize student life in Le Havre by organizing numerous cultural, sporting, festive and prevention events.

At their initiative, we find the famous Welcome Night. This event aims to bring students together for a welcome evening, thus allowing real cohesion to be found at the start of the year. Since their creation more than 10 years ago, Welcome Night and Goodbye Night, events opening and closing the academic year, have more than proven themselves by bringing together more than 3,000 students each year.

Goodbye Night

For this new edition, the student federation saw the big picture by selecting four artists, each bringing their own energy and unique style to the stage. The very first name announced: James Backer. Fifteen million streams to his credit and a first album in 2023, this artist from the Parisian suburbs uses the codes of rap, the energy of pop and the groove of funk.

With 2000 places available, the FED'LH promises you a vibrant and lively atmosphere.

So, book your Thursday, May 23, in your calendars, and prepare to experience an outdoor student festival that will stay in your memories for years to come.
