

GREAT ECOLOGICAL CHALLENGE

April 5 and 6, 2024 – Carré des Docks

Published on 12 March 2024

ADEME, the Ecological Transition Agency, is organizing the “great ecological challenge” in Le Havre on Friday April 5 and Saturday April 6 at the Carré des Docks with numerous workshops, conferences and shows, particularly for students.

All Campus students are invited to come and discover ADEME’s advice to make their daily lives move!

On the program :

- > an immersive pathway in a transition house where activities will be offered to discover good practices and gain information
- > 4 fun indoor workshops
- > a show

Take advantage of this event to calculate your carbon footprint but also meet the “sobriety coaches” who will answer all your questions!

You will find advice and ideas for each space in your home: living room, kitchen, bedroom, etc...

Finally, don't miss the show on Friday April 5 at 7 p.m. (free entry).

So, you like it ?
