

NURSING STUDENTS AT THE SERVICE OF THE LOCAL POPULATION

Having already taken part in the massive screening campaign, third-year nursing students from the Mary Thieullent Paramedical Training Institute (IFP) are once again involved in the fight against COVID-19.

Published on 28 May 2021

Many of them are now involved in the vaccination campaign which has been taking place at the Stade Océane since 6th April and until the end of June.

Find out more about the vaccination campaign.
