NICOLAS DEGALLAIX

Student in BTS NDRC at CFC-CFA Jeanne d'Arc, major of the Academy of Rouen

Le Havre, a city in tune with its time

Published on 21 April 2023

Originally from Abbeville in the Somme, Nicolas Degallaix arrived in Le Havre in September 2019 to pursue a BTS in Customer Relations Negociation and Digitalization at CFC-CFA Jeanne d'Arc. A car enthusiast, he chose to do his work-study at Renault Trucks as a spare parts salesman. Freshly graduaded, he is the major of the Academy with a general average of 16.30. Proud of his school but also of the Campus Le Havre Normandie, here is his portrait.

His background

After obtaining a BAC ES with honors, Nicolas wanted to combine theory and practice and decided to pursue a BTS in alternating years.

Appreciating commerce, he chose the BTS in Negotiation and Digitalization of Customer Relations, which provides the basics of commerce, while opening up to other promising fields in the future such as digital.

Le Havre, a city in adequacy with its time

When we ask him what he likes in Le Havre, he answers of course its seaside. For Nicolas, Le Havre is a city rich of its history but which knows how to live with its time and how to renew itself.

And then what ?

For the next school year, Nicolas will be studying for a Bachelor's degree in Commerce, Sales and Marketing at the CFC-CFA Jeanne d'Arc, still in a work-study program but this time in a car concession, the Hecquet Occasions Group. We wish him as much success as he has had in the last two years !
