Founded in Le Havre in 1871 among the first major French business schools, EM Normandie has established itself as a benchmark institution in the world of Business Schools. She holds international EQUIS, AACSB and AMBA accreditations. With 6,500 students and professionals in its initial and continuing diploma training programs and 23,000 members of the Alumni EM Normandie association around the world, the school is located on six campuses, in Caen, Le Havre, Paris, Oxford, Dublin, Dubai and soon Boston (2025). EM Normandie trains the managers of tomorrow, future responsible leaders prepared to lead change in a multicultural environment, and it supports employees and business leaders throughout their careers.

Le Havre Campus

The new Le Havre campus of EM Normandie which opened its doors in August 2020. It is ideally located near the stations and in the heart of the Le Havre Normandie Campus, close to other higher education establishments and the city center .
Built on 7 levels, the sculptural building is organized around a magnificent Atrium, a place for meetings and events. It also has a Learning Center (media library) on two levels and a large space - EM Square, dedicated to students and community life, with the Hackarium, a connected Social Room with TV set and studio radio to create original content (Facebook Live, videos, stories, etc.). The second floor cafeteria opens onto a large outdoor terrace. A second terrace located on the 6th floor offers a panoramic view of the city, the Seine estuary, the basins and the port.

The lessons are designed as spaces for experimentation, creation and sharing with classrooms equipped with the latest educational and digital technologies allowing you to vary learning postures: inverted classes, Serious Games, Escape Game, group work, etc., to favor discovery, a taste for challenge, collective and immersive!

Word from the director

"Like the city of Le Havre, EM Normandie is resolutely focused on trade and international development. Very anchored and attached to the territory where it was born, it offers high quality training in international management and logistics, maritime and port and even Supply Chain management.

Academic excellence, innovation and daring constitute the hallmark of EM Normandie, which offers its students an experience that gives meaning to learning: innovative pedagogy, international openness, strong proximity to the professional world and dynamism of associative life .

EM Normandie has set itself the goal of inspiring and training the generations of yesterday, today and tomorrow to become actors in a sustainable world: free to think, free to learn, free to act.
Elian Pilvin Managing Director EM Normandy
