

OVERVIEW OF THE CAMPUS

Higher education and research are priority areas and definite levers of attractiveness and development for the Le Havre region.

Higher education and research are priority areas and definite levers of attractiveness and development for the Le Havre region.

Since 2016, a proactive policy has led to the emergence of an international campus in the city centre, in synergy with the challenges of regional development.

All the actions carried out are designed to attract students, researchers, new talents, and innovative companies.

- › a wide range of training programmes,
- › a campus in the heart of the city,
- › individual student support,
- › high-quality accommodation,
- › adapted public transport services, ...

All good reasons to choose Campus Le Havre Normandie !
