CAMPUS
LE HAVRE-NORMANDIE

STERNE, LAUNCH YOUR STARTUP !

The call for applications is launched for the 1st STERNE promotion in the Seine estuary ! From 5 December to February 13, 2023, innovative project leaders will be able to test their ideas and try to win support to help them launch their project.

Published on 7 April 2023

What is STERNE ?

The STERNE program is a startup gas pedal based in Normandy and supported by a partnership between Normandie Incubation, the Seine Estuary Metropolitan Cluster and the 8 EPCI members.

Although this program has existed since 2015 and is launching its 17th edition this year, it is the first time it has been established in the Seine estuary. An opportunity not to be missed for entrepreneurs of the urban community of Le Havre Seine Metropole !

Discover the job of an innovative entrepreneur and put your idea to the test

STERNE is 3 months of training by experts with individual coaching until the pitch to bring you the mastery of entrepreneurship.

The 17th promotion will start in February 2023 in Le Havre: innovative project leaders are invited to send in their application before February 13, 2023.

I'm applying !

From February to June 2023, the STERNE program will offer 18 thematic group workshops led by experts every Monday and/or Tuesday morning, as well as one half-day of personalized coaching per week.

With STERNE, participants quickly confront their idea to the market, while benefiting from personalized support and professional advice. For 3 months, they will be given practical tools and methodology, have access to the Normandy ecosystem of creation and entrepreneurship, and move forward in groupe.

- 3 months of intensive and exciting life
- A tested idea, adapted to viable
- A mastery of entrepreneurship
- Building a network
- Advice from experts, entrepreneurs and professionals from the Normandy region
