

SHARE YOUR THOUGHTS ON STUDENT LIFE !

Together with its members, associates, and partners, Normandie Université is launching the Norman ESRI's first consultation on the future of student life. Students, researchers, teacher-researchers, as well as administrative and technical staff members are invited to share their ideas, projects, and opinions on student life, from 8th February to 20th March 2021.

Published on 24 March 2021

One aim

The aim is to assess the impact of current actions and services and collect contributions that will lead to concrete proposals for the future of student life in Normandy.

Contributing to this regional consultation is easy !

This first consultation is divided into 8 themes related to student life : Student welfare – Art and culture – Associative project – Entrepreneurship project – Libraries – Digital tools – Training in environmental issues – Sustainable campuses

For each theme, you have to answer questions or make proposals.

The platform will be accessible from 8th February to 31st March 2021.

The contribution of as many students as possible is more than welcome !

I would like to contribute ! (<https://jeparticipe.normandie-univ.fr/>)
