# YELLOW RUN POWDER

The Yellow Run, organized by the Humani'terre association, returns for its second edition to bring you a race filled with joy and solidarity!

*Published on 9 April 2024*

## The race

Organized by university students, the Yellow Run Poudrée will be held on Sunday May 19, a 6 km solidarity race for which all funds will be donated to the association. More than just an event, this day will be a friendly moment with a collective warm-up, an inflatable structure and even music. Each participant will leave with a prize and will benefit from refreshments after the effort. In addition, gifts will be distributed following a draw.

## Humani'terre

Humani'terre is an association focused on improving education both academically and culturally in developing countries in West Africa.

Thanks to this race, in particular, Humani'terre and its local partner, Africa smile, are preparing their next mission in Togo in 2025. This new mission aims to renovate an orphanage and to be able to make this place an autonomous and self-sufficient.

# Put on your yellow accessory and get ready...

Solo or in the company of your fellow athletes (even on Sundays), come and enjoy a race by the sea and an arrival under the container arch of Le Havre.

A welcome is planned from 8:30 a.m. (registrations possible) followed by a collective warm-up before the race at 10 a.m.
